- QUESTIONS:**
1. What makes your store different from the other area supermarkets?
  2. When is the best time of day and best day of the week to shop?
  3. What types of coupons does your store accept? From the Internet?
  4. Does your store "double" manufacturers coupons?
  5. Does your store accept expired coupons?
  6. Do you have special "green" coupons?
  7. Does your store offer rain checks for out-of-stock advertised items?
  8. Does your store price match sales at competing supermarkets?
  9. Can one buy 1 for half price on buy-one-get-one-free sales?
  10. When are meat, deli and bakery items discounted?
  11. What is your return policy on store brand food and household products?
  12. How do customers locate organic food and "green" products?
  13. Do you sell recycled paper products?
  14. How do you dispose of the packaging for quantity deliveries?
  15. Do you buy produce locally?

- REQUESTS: WE YOUR CUSTOMERS WOULD WELCOME THE FOLLOWING:**
- to purchase local produce, whenever possible and have signage to identify where the produce was grown.
  - to purchase food in recyclable packaging. We would also like the ability to buy in bulk to reduce both packaging and cost.
  - the opportunity to compare, side by side, costs between organic and regular food selections.
  - to purchase recycled paper products such as tissue and toilet tissue.
  - "green coupons" or other incentives to buy organic food and "green" household products.
  - store credit for walking to the store as is done with shoppers who bring reusable bags to shop.
  - the opportunity to meet quarterly to discuss new food selections and household products.

**THANK YOU. WE APPRECIATE YOUR TIME.**
